

## Internship – Social Business (m/f)

At Studio Nima, our objective is to accelerate the growth and the emergence of social innovations that sustainably address the world's most pressing issues. Transforming our economic systems to make them more equitable, lifting people out of poverty, making cities more sustainable, promoting gender equality and fighting climate change - many of today's challenges require smart solutions. We have developed, planned, incubated, grown and advised social business models in a wide range of areas and across the globe.

We are looking for an Intern as of March 2022 ideally for minimum 3 months to help setting up very-early stage social innovation projects to join us in our office in Munich.

### **Tasks**

- Support the conduction of feasibility studies for the implementation of social innovations in emerging markets
- Support the development of concepts for social business projects
- Research about social business and social entrepreneurship activities
- Support with the development of cases for workshops and trainings
- Technical development of concepts, e.g. in the fields of hydroponics and/or plastic reduction
- Support with the technical piloting of early stage social innovation projects both locally and in emerging markets

### **Requirements**

- Good understanding of the social business and social entrepreneurship field
- Knowledge and/or interest in technological innovations for development desired, in particular circular economy. Expertise in the field of hydroponics is a plus
- International experience, ideally in emerging economies
- At least Bachelor's degree in business related studies, or subjects related to sustainable development and social innovation
- Good desktop research skills
- Very good writing skills (English and German)
- Reliable, accurate, proactive and fun to work with
