# Working Student

## Social Innovation & Digitalization (m/f/d)

At Studio Nima, our objective is to accelerate the growth and the emergence of social innovations that sustainably address the world's most pressing issues. Transforming our economic systems to make them more equitable, lifting people out of poverty, making cities more sustainable, promoting gender equality and fighting climate change - many of today's challenges require smart solutions. We have developed, planned, incubated, grown and advised social business models in a wide range of areas and across the globe.

We are looking for a Working Student as of July 2022 for a minimum of 6 months to work on our social innovation and digitalization projects and join us in our office in Munich. We are specifically looking for a Working Student with experience in Africa, in particular Northern Africa.

### **Tasks**

- Support with the preparation of foresight exercises that aim to develop future scenarios in Developing & Emerging societies
- Research about future technology trends
- Research about the digital economy and digital skills in Africa
- Research about economic forecasts and expected migration patterns in (Northern) Africa
- Support with the development of cases and policy recommendations in the field of digital innovation

### **Requirements**

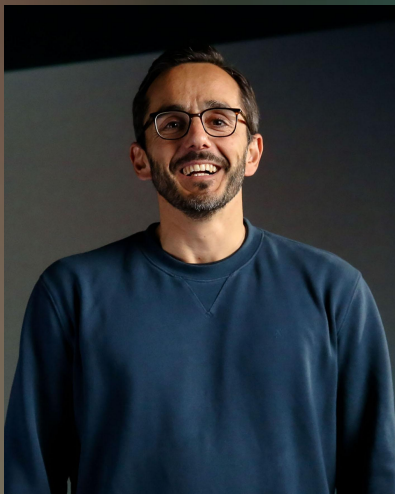

- Good understanding in the areas of social innovation and digitalization
- Good knowledge and/or interest in technological innovations for development
- International experience, with specific experience in Africa (preferably Northern Africa)
- At least Bachelor's degree in business related studies, or subjects related to sustainable development, social innovation and technology
- Very good desktop research skills
- Very good writing skills (English and German). Arabic and French is a plus
- Reliable, accurate, proactive and fun to work with
