

An abstract collage of various textures and colors, including wood grain, green and blue patterns, and a pink circular element, arranged in a vertical strip on the left side of the cover.

WORKING STUDENT SUSTAINABILITY

September 2026

studio nima

Working Student – Sustainability (m/f/d)

At Studio Nima, our objective is to accelerate the growth and the emergence of social innovations that sustainably address the world's most pressing issues. Transforming our economic systems to make them more equitable, lifting people out of poverty, making cities more sustainable, promoting gender equality and fighting climate change - many of today's challenges require smart solutions. We have developed, planned, incubated, grown and advised social business models in a wide range of areas and across the globe.

We are looking for a Working Student as of September 2026 for a minimum of 6 months to work on our sustainability and circular economy projects and join us in our office in Munich.

Tasks

- Support the development of concepts for social innovation and social business projects
- Research about sustainability topics and circular economy activities
- Support with the development of cases for circular economy workshops and trainings
- Support the conduction of feasibility studies for the implementation of circular economy solutions
- Conduct research about sustainable and innovative materials, as well as creative display solutions for exhibitions

Requirements

- Good understanding of sustainability, circular economy and social innovation
- Knowledge and/or interest in biomaterials, circular economy and sustainable product design
- At least Bachelor's degree in business related studies, or subjects related to sustainability, social innovation and circular economy
- Very good desktop research skills
- Very good writing skills (English and German)
- Reliable, accurate, proactive and fun to work with

What we offer

- Get a hands-on experience in the field of sustainability
- Gain insight into circularity and sustainability projects
- Work in an international and creative team
- Possibility of part-time home office
